How do I pay for LTHHC?

You may pay privately or you may have Long Term Care Insurance that helps to cover the cost. Medicaid is a third option. If Medicaid is needed, income and resource guidelines must be met whether you are single or married. This allows your spouse to keep the home, car, personal possessions, income up to \$2541 per month and resources between \$74,820 and \$101,640. These figures may change annually.
