SERVICES DIRECTORY

A Publication Presented by Clinton County Office for the Aging
In Cooperation with the Aging Services Network

2016

CONTRIBUTIONS POLICY

Clinton County Office for the Aging is pleased to provide you with our services. Programs for the Office for the Aging are funded by the Older Americans Act, New York State, Clinton County and your contributions. There are no fees for most services; however, in order to provide continued quality service, the Older Americans Act requires us to allow **voluntary**, confidential contributions from participants. Individuals with self-declared incomes at or above 185 percent of the federal poverty line (\$1,832 monthly income for single person for 2016) are encouraged to contribute at levels based on the actual cost of services. Your contributions are used to improve upon and support the programs.

Any amount you can send will be greatly appreciated. If you are using a check, make the check payable to **Clinton County Treasurer**. Please mail your contribution to Clinton County Office for the Aging. **You will NOT be denied service because of an inability or unwillingness to contribute.**

The OFA logo identifies programs funded by the Office for the Aging.

Make checks payable to the Clinton County Office for the Aging and mail to 135 Margaret Street, Suite 105, Plattsburgh, NY 12901-2966.

May 20, 2016

Dear Users of this Guide:

Senior citizens of Clinton County are fortunate to have available a variety of services designed to help them retain their independence as long as possible. Senior citizens have been instrumental in identifying and creating those services and in providing needed day-to-day care for their family and friends.

The Clinton County Office for the Aging is pleased to make this booklet available. It lists and briefly describes services provided by this agency and a number of other agencies that together comprise "the aging network." They include health care, housing, nutrition, transportation and a number of other services.

We have included a listing of services for people of all ages.

All information herein is accurate as of May 20, 2016. However, as changes in the agencies and services occur frequently, the reader is encouraged to contact the Clinton County Office for the Aging at (518) 565-4620 or www.clintoncountygov.com We are here to serve you!

8:30 a.m. - 4:30 p.m.

Services provided for developmentally disabled individuals include the following:

Personal Achievement thru Habilitation: Provides individuals and group training for disabled adults who need help to function in one or more areas of daily living, such as speech, hygiene, homemaking, social behavior, and community integrating.

Champlain Valley Industries: Provides vocational rehabilitation services for disabled adults; work skills training in the sheltered workshop; vocational counseling; placement services.

Workforce Network: Individuals with disabilities receive on the job training with the assistance of a job coach to develop necessary employment skills and job development services.

Residential Services: Group homes emphasize individualized services for learning daily living skills, recreational activities and involvement in the community for individuals who are preparing to live independently.

Family Services: Trained home care workers are provided to families to assist with at home respite and for teaching social, recreational and daily living skills to individuals who are developmentally disabled. Services coordinators are available to assist families with obtaining needed services at home, in school or in the community. Assistance is also provided to families in obtaining funding for adaptive equipment and environmental modifications to make their home

handicap accessible. These services are provided through the Home and Community Based Waiver Services program.

Costs are dependent on the program and Medicaid eligibility.

Hours: Monday - Friday
8 a.m. - 4 p.m.

The goal of the Caregiver Resource Center is to help older citizens continue to live in the community as long as possible by assisting their caregiving family members with the following services:

- ✦ Caregiver Respite: Staff providers are trained to go into homes for 2 to 4 hours, providing the caregiver with a break.
- ✦ Information about, and help with, accessing services.
- ✦ The Resource Center has a lending library of books, video tapes and periodicals pertaining to caregiving and aging.
- ✦ Support group for caregivers 4th Wednesday, 6:30 p.m. – 7:30 p.m. at St. Peter's Church, Emmaus Room.

BHSN - PROS Learning Center

Hours: Monday - Friday
9 a.m. - 5 p.m.

The STOP Domestic Violence program helps individuals and families who are victims of domestic violence by providing individual and supportive group counseling, advocacy, a 24-hour hotline, temporary safe dwelling and help with childcare in Clinton and Essex Counties.

CapTel – Captioned Telephone
Website: www.CapTel.com
Tel: (518) 681-9445
Contact: Kasey Granger
Lead Outreach Representative
E-mail: kasey.granger@oeius.org

Ideal for people with some degree of hearing loss, the Captioned Telephone, or CapTel, works like any other telephone with one important addition: It displays every word the caller says throughout the conversation. CapTel phone users can listen to the caller, and can also read the written captions in the CapTel's bright display window.

Catholic Charities of the Diocese of Ogdensburg
Wadhams Hall
6866 State Highway 37
Ogdensburg, NY 13669
Tel: (315) 393-2255

Services include but not limited to: financial assistance; assess personal needs; verify and referral. Services provided to anyone who requests them regardless of religious affiliation or ability to pay. Sliding schedule based upon income level and number of people in family.

Center for Disability Rights, Inc.
Albany Policy Office:
99 Washington Avenue, Suite 806b
Albany, NY 12210
Website: www.cdrnys.org
Tel: (518) 320-7100 V/TTY
FAX (518) 320-7122

CDR has recently started a “Pooled Trust” or “Supplemental Needs Trust” for individuals with disabilities, regardless of age, in order to qualify for the Medicaid services needed without ‘spending down’ into poverty. The Pooled Trust enables an individual to turn some assets or income over to the trust. Then, with the trusts’ authorization, use that income to pay vital expenses, like rent!

Center for Neurobehavioral Health (CNBH)

Fax: (518) 565-3440

Contact: Colleen Corrice, Care at Home Coordinator

Hours: Monday - Friday

8 a.m. - 5 p.m.

Care at Home Program provides a Medicaid-financed plan of community-based services to enable physically disabled children who might otherwise qualify for hospital or nursing home placement to live instead with their families. All Medicaid and additional services, such as case management and home adaptations, are available to assist a family in caring for their child.

- Must be under 18 years of age

- Have a determined physical disability according to standards in the Social Security Act
- Have an in-patient stay of at least 30 days
- Be ineligible for Medicaid because of parents' excess income and/or resources
- Must be Medicaid eligible when parents' income and/or resources are not counted and
- Can be cared for at home safely and at not greater cost than in the appropriate facility

Hours: Monday - Friday
8 a.m. - 5 p.m.

Clinton County Public Transit (CCPT) is a public bus system serving Clinton County. Regularly scheduled routes are available in Plattsburgh and between Plattsburgh and some rural areas. Paratransit service complements fixed route service in Plattsburgh. Rural routes deviate up to ¾ mile when requested in advance. Regular routes operate Monday through Friday with a Saturday Shuttle offered on Saturdays in Plattsburgh. Paratransit service operates Monday through Saturday. New in 2016 is Rural Zone service which is a demand response service offering service three days a week to rural areas within Clinton County. Schedules, maps, and information about CCPT services may be found on www.clintoncountypublictransit.com. Schedules can be purchased on CCPT buses or obtained from the County Planning Office at 135 Margaret Street. For additional information please contact CCPT dispatch at 561-1452.

Clinton County Office for the Aging Sponsored Transportation at CCPT

For any questions about CCPT services, please contact CCPT dispatch at (518) 561-1452.

Rural Zone Service

Service Availability by Zone:
Northern Clinton County (Zones 1 & 2):
Tuesday, Thursday, Saturday.
Southern Clinton County (Zones 3 & 4):
Monday, Wednesday, Friday.

Rural Zone Service is a by-appointment (demand response) public bus service to Clinton County's rural areas. The goal is to provide transportation from the rural areas to Plattsburgh and then back home.

To be picked up by the Rural Zone Service, call CCPT dispatch at (518) 561-1452 to make arrangements. CCPT dispatch is available Monday through Friday between 8:00 am and 5:00 pm. You must make your arrangements the day before or up to two weeks in advance of when you plan to travel. Subscription service is also available if you will need the same pick-ups every week. You can make subscription service arrangements through CCPT dispatch as well.

There are four zones which together cover all of Clinton County outside of the greater Plattsburgh area. For the exact zone boundaries, please consult the Rural Zone Service Map. Generally speaking the zones cover the following areas:

Zone 1: Beekmantown, Champlain, Chazy, Mooers and Rouses Point.

Zone 2: Altona, Churubusco, Clinton, and Ellenburg.

Zone 3: Cadyville, Clayburg, Dannemora, Lyon Mountain, Redford and Saranac.

Zone 4: AuSable Forks, Black Brook, Clintonville, Keeseville, Peru and Schuyler Falls.

Each zone will have one opportunity to come into Plattsburgh and one opportunity to return home on the days Rural Zone Service is available for that zone.

The timing of the bus availability will depend on where you are being picked-up from and is subject to change. The tentative times for each zone are as follows:

Zones 1 & 4: Pick-up between 8:45 am and 10:15 am. Arriving home between 4:00 pm and 5:30 pm.

Zones 2 & 3: Pick-up between 12:15 pm and 1:45 pm. Arriving home between 7:30 pm and 9:00 pm.

The Rural Zone Service will pick people up at home within the service area (zones), and will drop them off at designated stops in Plattsburgh. Flag stops along the way are also allowed provided it is safe for the driver to stop. The designated stops in Plattsburgh are: H.K. Freedman Renal Center, Champlain Centre Mall, Price Chopper, Wal-Mart, University of Vermont Health Network Champlain Valley Physicians Hospital, and Clinton County Government Center.

Passengers interested in other destinations should consider using other CCPT services in conjunction with the Rural Zone Service. CCPT regular routes can be connected with at the Government Center and other stops. Individuals with disabilities should apply for CCPT Paratransit Service which also serves the greater Plattsburgh area. Please contact the Planning Office at

(518) 565-4713 to have an application mailed to you or if you have questions about the application process.

The fare to ride the Rural Zone Service is \$5.00 each way. Fare for seniors 60 years of age and older are covered by Clinton County Office for the Aging.

Senior Bus Pass

Senior bus passes can be picked up at either the Office for the Aging or at the Planning Office at 135 Margaret St. Plattsburgh, NY 12901 Suite 105 or 124. Reduced fares on CCPT regular routes and Paratransit service are available to seniors 60 years of age or older and can be accessed by showing the bus pass to the driver for each ride.

Charter Trips for Seniors

The Clinton County Office for the Aging sponsors special trips within Clinton County. If you or your organization would like to make use of the bus, please contact the Office for the Aging at **565-4620**. There is no fare for persons 60 years of age or older but contributions are always welcome

The Clinton County Office for Aging is the advocacy, planning, and coordinating agency for senior citizens. Its mission is to understand and strive to meet the needs of the older people through direct services and referrals to the various agencies listed throughout this booklet. Primary activities include needs assessment, short and long range planning, application for Federal, State and County funds, program and budget monitoring, and coordination of services. We describe the agency's role in providing information, referral, case assistance and benefits counseling services elsewhere in the directory. EISEP and Caregiver services are housed in the Office for the Aging. We have listed the subcontract agencies, which provide a range of services for the Clinton County Office for the Aging, at the end of this directory.

OFA - Expanded In-Home Services for the Elderly (EISEP)
135 Margaret Street, Suite 105
Plattsburgh, NY 12901
Contact: Colleen Monty
Tel: (518) 565-4649
E-mail:
colleen.monty@clintoncountygov.com

Contact: Martha Gulley
Tel: (518)-565-4666
E-mail:
Martha.gulley@clintoncountygov.com
Fax: (518) 565-4812
Hours: Monday - Friday
8 a.m. - 5 p.m.

The EISEP Program provides case management and non-medical in-home services such as housekeeping and personal care to frail/disabled residents of Clinton County. The program is designed to help individuals eliminate or delay the need to enter a nursing home or other institution and to assist family members in the care of the person who is frail and disabled. Individuals 60 years or older are eligible if they are functionally limited and have unmet needs and are unable to receive Medicaid or Medicare reimbursement for the same or similar services. Individuals must be able to be maintained safely at home.

OFA - Health Insurance Information Counseling and Assistance Program (HIICAP)

135 Margaret Street, Suite 105
Plattsburgh, NY 12901-2966
Website:
www.aging.ny.gov/healthbenefits
Tel: (518) 565-4620
Fax: (518) 565-4812
Hours: Monday- Friday
8 a.m. - 5 p.m.

This program is designed to assist older New York State residents acquire unbiased information about health insurance options.

OFA - Lifeline
135 Margaret Street, Suite 105
Plattsburgh, NY 12901-2966
Tel: (518) 565-4620
Fax: (518) 565-4812
Hours: Monday- Friday
8 a.m. - 5 p.m.

PERS (personal emergency response service) is provided for people over the age of 60. As with most OFA programs the service is provided regardless of ability to pay. There is a suggested contribution.

OFA - Lifeline Telephone Discount
135 Margaret Street, Suite 105
Plattsburgh, NY 12901-2966
Tel: (518) 565-4620
Fax: (518) 565-4812
Hours: Monday- Friday
8 a.m. - 5 p.m.

Lifeline helps you stay connected and save money on your monthly telephone bill. The Lifeline discount can be applied to either home telephone service (landline or cable) or wireless service. The discount is available for only one line per household.

- Lifeline discounts* on home telephone service can save consumers as much as \$250 a year through lower basic local service charges and a waiver of the federal subscriber line charge.
- Wireless customers can receive Lifeline benefits such as free minutes, reduced rates and free phones.

*Total savings and benefits will vary depending on your telephone service provider.

Only **ONE** Lifeline discount is allowed per household. The discount can be applied to a landline or a wireless service, but not at the same time.

Your "household" is everyone who lives together at your address as one economic unit, (including people who are not related to you). Adults living with you are part of the economic unit if they contribute to and share in the income and expenses of the household.

Individuals who are eligible for Supplemental Security Income (SSI)

- Home Energy Assistance Program (HEAP)
- Supplemental Nutrition Assistance Program (formerly Food Stamps)
- Medicaid
- Non-Service Related Veteran's Disability Pension or Veteran's Surviving Spouse Pension
- Family Assistance

Saranac Lake, New York 12983
Tel: (518) 891-7518
Fax: (518) 891-7528
Contact: Beatrice Beguin
Vocational Rehabilitation Counselor
Hours: Monday - Friday
8:30 a.m. - 5 p.m.**

Provide Vocational and Homemaker Rehabilitation Services: counseling, medical examinations, vocational evaluations, training, job placement, and follow-up. Accommodation for blindness: Adaptive skills and equipment for communication, home management, access to print, and orientation and mobility training. Services available to all legally blind individuals with a vocational

handicap; diagnosis is made by ophthalmologist when visual acuity is 20/200 or less in better eye with best correction, or visual field is restricted to 20 degrees or less. Referrals can be made by any person or agency. Sliding Schedule: some services are based on financial eligibility.

Community Link

450 Salmon River Road

Plattsburgh, NY 12901

Tel: (518) 563-7129

Fax: (518) 561-3566

Contact: Bonnie Yopp, Executive Director

E-mail: yopp@westelcom.com

Hours: Monday - Friday

9 a.m. - 5 p.m.

Community Link is a not-for-profit diagnostic and treatment center with sites throughout Clinton, Essex and Franklin Counties. Center staffed by a Nurse Practitioner who can provide full medical care and also offers health screening for individuals, organizations and industries. The Executive Director schedules special procedures in advance. Medicare, self-pay, and major insurance are accepted. Nobody is turned away due to lack of ability to pay. Prescription assistance is available for adults with no insurance to get free or low cost non-narcotic medications.

Dental Lifeline Network

1800 15th Street, Suite 100

Denver, CO 80202

Website: www.dentallifeline.org

Tel: (720) 287-6194

Fax: (303) 534-5290

The Dental Lifeline Network is a program that serves people with disabilities, people who are medically compromised, and seniors who dental needs have been neglected because they do not have the financial resources for comprehensive treatment and are unable to access such care through Medicaid or other public programs.

To be eligible for this program a person must be without financial resources to pay for care and may not be eligible for Medicaid or other public aid and need comprehensive dental treatment. Emergency services and routine checkups and cleanings are not included in the program. An application needs to be filled out and upon receipt; it will be placed on a waiting list. Notification will be made when the application is approved and the name, address and phone number of the dentist will be given to the applicant and the applicant is responsible to schedule an appointment.

Elderly Pharmaceutical Insurance Coverage (EPIC)

Website:

www.health.state.ny.us/health_care/epic

Tel: (800) 332-3742

EPIC is a New York State sponsored prescription program for senior citizens who need help paying for their prescriptions. EPIC works with Medicare Part D as a secondary payer. New York State residents can apply if they are 65 or older, and have an annual income of \$75,000 or less if single, or \$100,000 or less if married. Seniors should make sure their Medicare Part D plan covers their

prescription drugs, since EPIC will not pay primary for most medications. Seniors who have retiree benefits should call their benefits department to find out if they qualify for Part D. You can apply at any time during the year.

**Contact: Jamie Garrant, Social
Worker**

Hours: Monday - Friday

8:30 a.m. - 4:30 p.m.

Evergreen Valley has designed the daytime program to provide personal care and nursing service for adults who require medical supervision. The Center provides transportation, assistance with medication, Physical therapy, a hot noon meal, and structured activities.

Adult Day Health Services can be paid for by Medicaid, some private insurance, or directly by the participant. This program offers the opportunity for participants to remain at home and gives their caregivers the freedom to work and enjoy their lives.

EyeCare America

P.O. Box 429098

San Francisco, CA 94142-9098

Toll Free: (877) 887-6327

Fax: (415) 561-8567

EyeCare America is a nationwide outreach program designed to provide medical eye care to the nation's disadvantaged senior citizens. The program provides referrals for U.S. citizens or legal residents, age 65 or older who do not have access to an ophthalmologist they have seen in the past. EyeCare America will mail the name of a volunteer ophthalmologist in their community to callers who meet the eligibility requirements. Participating doctors provide medical eye examinations and treatment for any condition or disease diagnosed. Qualified patients receive treatment at no out-of-pocket expense. Doctors accept insurance reimbursement as payment in full for their services. Services are provided at no charge for uninsured patients. Those who are

enrolled in a prepaid health care plan (HMO) or obtain care through a government care facility (Armed Forces or VA Hospital) are not eligible. The program does not cover eyeglasses, prescriptions, hospital services and other medical services.

HCR Home Care - Long Term Home Health Care Program

176 US Oval, Suite 3

Plattsburgh, NY 12903

Tel: (518) 310-0900

**Contact: Kari Charette-Furnia RN
BSN**

E-mail: kcharette-furnia@hcrhealth.com

Hours: Monday - Friday

8 a.m. - 5p.m.

HCR Home Care has been providing superior home health care to New York State since 1978. HCR is a Certified Home Health Agency, caring for patients receiving Medicare and Medicaid benefits, those who have commercial insurance plans, or those who wish to pay privately. HCR also operates a Long-Term Home Health Care Program (LTHHCP) offering a variety of home and community services to assist people who wish to live in the community rather than a nursing home. The LTHHCP offers needed medical and nonmedical support services to improve or maintain the health or daily functions of individuals who would otherwise require nursing home care. HCR provides in-home specialized home care nursing; physical, occupational, and speech therapy; medical social work; and personal care assistance with home health aides. Our clinical experts work with your physician to keep you safe, healthy, and independent at home.

HEAR NOW

The Starkey Hearing Foundation

6700 Washington Avenue, S.

Eden Prairie, MN 55344-3405

Website:

www.starkeyhearingfoundation.org

Tel: (800) 648-4327

Hear Now is a national non-profit program committed to assisting deaf and hard-of-hearing persons with limited financial resources who permanently reside within the United States. The work of Hear Now is supported through the contributions of many benefactors. We receive no government funding. All donations – money, time, hearing aids – allow the program to survive and give the gift of hearing domestically.

Salvage Hearing Aid Donations

Hear Now collects hearing aids for recycling purposes. Any make or model, regardless of age, can be donated to the hearing aid recycling program. All donations are tax deductible and a letter of acknowledgement will be sent to all identified donors. If you wish to donate a salvaged hearing aid or other assistive device, please securely package the donation and mail.

Hospice of the North Country

358 Tom Miller Road

Plattsburgh, NY 12901

OR

3909 State Route 11

Malone, NY 12953

Website: www.hospicenc.org/

Tel: (518) 561-8465

Fax: (518) 561-3182

**Contact: Kent W. Brooks, Chief
Executive Officer**

Hospice of the North Country is a dedicated team of professional staff and trained volunteers who work with the patient's own physician, and other

community resources, to provide patient-focused, family-centered, end-of-life care...without regard to disease, age, race, gender, orientation, color, creed, or insurance coverage or level of income. Hospice cares for those with terminal illness in the comfort of their chosen setting, in the company of their family and friends. Hospice care is usually provided in the patient's home, or, by arrangement, in nursing homes, hospitals, or other care facilities. Hospice can be initially contacted by the physician, patient, or family. A visit by the Hospice admission team will determine eligibility and the special needs of the person with terminal illness and their loved ones. Hospice services include: pain and symptom control, regular skilled nursing visits, home health aide assistance, volunteer services, all medical supplies and medications related to the terminal illnesses, 24 hour on-call home visits, as needed, by a registered nurse or social worker, help accessing community resources, emotional and spiritual support and bereavement care for family and friends for thirteen months after the death of a loved one.

A registered dietitian assists the older people in making informed decisions about their diets by providing nutrition education. Group presentations are given at the congregate sites on topics of general interest to participants. Nutrition information is also provided on the back of the monthly menus distributed to congregate and homebound participants. Nutrition counseling is provided as needed to homebound participants and is also

available on a one-to-one basis at congregate sites.

**National Alliance on Mental Illness
Champlain Valley (NAMI: CV)**
14 Healey Avenue, Suite D
Plattsburgh, NY 12901

Hours: Monday - Friday
8:30 a.m. - 4 p.m.

The National Alliance for the Mentally Ill of Champlain Valley (NAMI: CV) is a grassroots organization that provides education, advocacy, and support to all those affected by mental illnesses in Clinton, Franklin, and Essex Counties. NAMI: CV is a member agency of the United Way of Clinton and Essex Counties and a member in good standing of NAMI New York State and NAMI National. NAMI: CV provides a variety of supports and educational programs for both family members who have a loved one with a mental illness and for consumers of mental health services. Grief support is also provided for survivors of suicide. Please call for more information. All services are free of charge.

New York Relay Service
Website: www.nyrelay.com
Tel: 711 or (800) 421-1220

New York Relay service is a statewide service that connects standard (voice) telephone users with deaf, hard-of-hearing, deaf-blind, speech-disabled, or

late-deafened people who use text telephones (TTYs) or voice carry-over (VCO) phones. All you have to do is dial 7-11. It is that easy!

Attorney General's Office

Fax: (518) 562-3293
Contact: Glen Michaels, Assistant
Attorney General In Charge
Hours: Monday - Friday
8:30 a.m. - 5 p.m.

The Attorney General's Office offers many programs and services specially geared to help protect seniors from consumer scams, as well as valuable information about investments, charitable donations, and protecting yourself from discrimination. The Consumer Frauds Bureau provides information about how seniors may protect themselves from telemarketing, sweepstakes and home improvement scams and much more. If you have a problem with a product, service or merchant, first contact the store where you made the purchase. If you don't receive satisfaction, the Attorney General's Consumer Frauds Bureau will provide you with an official consumer complaint form and instructions on how to file a complaint with the office. If you suspect that you or someone you know is a victim of elder abuse, contact the police or the Attorney General's Criminal Division immediately. Elder abuse refers to physical and psychological mistreatment, financial exploitation, passive neglect, confinement,

abandonment, hazardous living conditions, intimidation, and sexual abuse involving senior citizens. The Health Care Bureau is available to advocate on behalf of consumers and providers with complaints or questions regarding health care issues, including HMOs. The Health Care Bureau has a toll-free hotline: (888) 692-4422.

The Rural Preservation Company of Clinton County operates, through various towns and villages, a program which provides direct grants and low interest loans to low and moderate income home owners and renters to upgrade existing structures, bringing them up to HUD housing quality standards. Assistance is also provided to municipalities in applying for grants for housing rehabilitation and community revitalization projects. The RPC also assists other not-for-profit organizations to obtain funds to construct senior citizen/handicapped housing projects.

- must provide proof of ownership
- land & school tax must be current
- must meet income criteria
- must have homeowners Insurance on dwelling

School Tax Relief Program (STAR)

Contact: Town/City Assessor

Enhanced STAR provides a partial exemption from school property taxes for owner occupied primary residence.

Senior citizens (age 65 and older) with an approximate benefit is a **\$600** tax reduction. Proof of age and income are required with the primary application and proof of income with subsequent renewals. All applications must be renewed yearly before March 1st. Enhanced STAR: If you also have the Senior Citizen Homeowner Exemption, Finance will mail a renewal form every two years. Finance will check your income yearly with the NYS Department of Taxation and Finance to make sure your combined household income is less than \$84,550. An applicant may apply at 64 as long as he or she will turn 65 before the end of the calendar year.

“Basic” STAR is available to individuals not eligible for “Enhanced” STAR due to not meeting age and/or income guidelines. Contact your local city or town assessor to apply.

Center Activities:

Computer Classes are offered in sessions every eight weeks. They begin with how to turn on & start up a computer to specialty/advanced classes such as Microsoft Office Suite

programs, etc. Classes frequently fill up so call the office to sign up for the next upcoming session. Classes run Mondays & Wednesdays, 9am-11am.

The **Computer Club** is an actual club of individuals who meet the first Monday of each month at 1:30 p.m. At each monthly meeting an informative topic is presented. The club is open to new members and you may visit and observe before joining.

Senior Fitness, sponsored by Eye Care for the Adirondacks, is an exercise program designed for active older adults. It meets three mornings a week (currently Mon/Wed/Fri @ 8:15 a.m.).

Osteo/Arthritis Exercise is offered as a class designed to help strengthen your lower back, wrists and legs. The group, led by a trained volunteer, meets in the gym Tuesday & Thursday at 9:00 a.m.

Tai Chi is offered and led by an instructor to increase your balance, cognitive capacity and flexibility. Join this group on Tuesday's at 9:30 a.m.

Zumba Gold is a less aggressive type of Zumba, which combines dance and aerobics. It is offered to be comfortable for adults of all ages and meets 3 times a week; Tuesdays and Fridays at 10:30 a.m. and Wednesday evenings at 6:00 p.m. There is a minimal fee for this activity.

Yoga is offered on Friday mornings at 10:30. The class is designed to increase your flexibility. New members are always welcome.

Shuffleboard meets in the gym twice a week. It is played on the gym floor and there are three courts available. The group currently meets each Monday & Wednesday at 10:00 am.

Scrabble group meets each Monday from 9am-11am. New members are always welcome.

Mah Jongg, a Chinese tile game is played twice a week. Lessons are given in the Spring and Fall if you are interested in learning to play. The group meets Fridays at 12:00 noon.

Painting classes are offered in the Spring and Fall. Classes are taught at a variety of levels, no experience is necessary. There is a fee for these classes.

Knitting is offered on Thursday mornings at 9:30 a.m. Anyone is welcome to come join the group. Students of all levels are welcome as they meet each week and discuss their projects and also get instructions from the teacher to further their knowledge of the craft.

Crocheting & Quilting are offered seperately on Monday mornings at 9:30 a.m. Anyone is welcome to come join the group. Students of all levels are welcome as they meet each week and discuss their projects and also get instructions from the teacher to further their knowledge of the craft.

Genealogy is offered on the third Friday of each month at 1:00 p.m. It is designed to teach you how to research your ancestry on the computer.

Pinochle players meet Thursday afternoons at 12:30 p.m in the dining room area.

Poker players meet Thursday afternoons at 12:30 p.m. on the 2nd floor, hallway area.

Wii Bowling is played on Tuesday mornings at 10:30. The current group consists of four-man teams. Groups from the Senior Center as well as some of the Nutrition Sites compete and participate in the National Senior League.

Senior Sentinel: SCCCC publishes twelve editions of the Senior Sentinel newspaper each year and distributes them along with the Press Republican to subscribers. For other senior citizens, SCCCC will mail copies of the Sentinel their home

Cornerstone House: A five-unit apartment building owned by the Council and available to senior citizens.

8:30 a.m. - 4 p.m.**

HDM delivers meals five days a week to the homebound throughout Plattsburgh and most of Clinton County. A frozen meal is provided for Saturdays and all holidays. This program is more than a meal. Clients are visited daily by the meal transporters and program staff contacts them regularly. Referrals are made by physicians, discharge planners, visiting nurses, family and friends of the homebound. Home assessments are made to determine the appropriateness of the referral and monitor the status of clients. Physicians may prescribe one of five diets: regular, no added salt, no concentrated sweets, mechanical soft, and pureed.

HDM suggests a donation of \$3.00; however, no one is denied a meal due to their inability to contribute.

Each Home-Delivered-Meal recipient is contacted by the Assessment Specialist. The assessment specialist will arrange a home visit to determine the client's needs, share information and make referrals for other services needed.

This employment program is available to persons 55 or older who meet income guidelines. Enrollees are placed in subsidized employment in a variety of community service agencies while they pursue unsubsidized employment. Verification of income is required.

Senior Citizens' Partial Exemption from Property Taxes

Contact: Town/City Assessor

Homeowners 65 or older may be eligible for reduced land and school taxes if they meet the income guidelines established in each locality. Contact your local city or town assessor for information about income and other guidelines. You must apply for this reduction each year prior to March 1. Several towns and school districts have passed local laws or resolutions allowing applicant to be 64 years of age at time of application as long as they will be 65 prior to end of same year and meet all criteria. Contact your assessor to find out if this option is available to you.

Senior Pass (formerly Golden Age Passport)

U. S. Geological Survey National Center

**12201 Sunrise Valley Drive
Reston, VA 20192**

Website:

www.store.usgs.gov/pass/senior.html

Tel: (888) ASK-USGS (275-8747)

E-mail: fedrecpass@usgs.gov

The Senior Pass is available for a \$10.00 fee to citizens or permanent residents of the United States who are 62 years of age or older. The pass is

good for the lifetime of the holder. The pass admits the holder to all designated National Parks. It also provides a 50% discount on camping and other user fees for designated recreational facilities and services provided by the federal government. The discount does not apply for special recreational permits fees charged for group activities, nor for fees charged by private concessionaires.

Senior Passes may be obtained at the entrances of designated National Parks. They must be applied for in person and proof of age must be furnished.

You do not have to join the YMCA to participate in these classes.

GLOSSARY OF TERMS/ABBREVIATIONS

ASSISTED LIVING AND MEMORY CARE

Assisted living facilities are for people needing assistance with Activities of Daily Living (ADLs) but wishing to live as independently as possible for as long as possible. Assisted living exists to bridge the gap between independent living and nursing homes. Residents in assisted living centers are not able to live by themselves but do not require constant care either. Assisted living facilities offer help with ADLs such as eating, bathing, dressing, laundry, housekeeping, and assistance with medications.

ELDERLY PHARMACEUTICAL INSURANCE COVERAGE (EPIC)

The Elderly Pharmaceutical Insurance Coverage (EPIC) program is a New York State program for seniors administered by the Department of Health. It helps more than 280,000 income-eligible seniors aged 65 and older to supplement their out-of-pocket Medicare Part D drug plan costs. Seniors can apply for EPIC **at any time of the year** and must be enrolled or eligible to be enrolled in a Medicare Part D drug plan to receive EPIC benefits and maintain coverage.

EPIC provides secondary coverage for Medicare Part D and EPIC-covered drugs purchased after **any Medicare Part D deductible is met**. EPIC also covers approved Part D-excluded drugs once a member is enrolled in Part D.

EPIC helps pay the [Medicare Part D drug plan premiums](#) for members with income up to \$23,000 if single or \$29,000 if married. Higher income members are required to pay their own Part D premiums but EPIC provides premium assistance by lowering their EPIC deductible.

EPIC has two plans based on income. The [Fee Plan](#) is for members with income up to \$20,000 if single or \$26,000 if married. The [Deductible Plan](#) is for members with incomes ranging from \$20,001 to \$75,000 if single or \$26,001 to \$100,000 if married

Call EPIC hotline (800) 332-3742.

HEALTH CARE PROXY

The Health Care Proxy law authorizes any competent adult to sign a statement appointing a “health care agent” if the patient loses the capacity to make health care decisions. The agent will have the same rights the patient ordinarily has in making health care decisions. The statement includes limitations on the agent’s authority and instructions to the agent about the patient’s wishes. For additional information and copies of a proxy form, write: Health Care Proxy Form, New York State Department of Health, Box 2000, Albany, N.Y. 12220.

As with any other important decision made in your life, before establishing any of these documents please discuss it first with family members or a person you trust. Many people already deal with a trusted attorney or one may be

contacted before proceeding with any of these procedures.

http://www.ag.ny.gov/sites/default/files/pdfs/publications/Planning_Your_Health_Care_in_Advance.pdf

MOLST

Medical Orders for Life-Sustaining Treatment (MOLST)

Honoring patient preferences is a critical element in providing quality end-of-life care. To help physicians and other health care providers discuss and convey a patient's wishes regarding cardiopulmonary resuscitation (CPR) and other life-sustaining treatment, the Department of Health has approved a physician order form ([DOH-5003, Medical Orders for Life-Sustaining Treatment \(MOLST\)](#)), which can be used statewide by health care practitioners and facilities. MOLST is intended for patients with serious health conditions who:

- Want to avoid or receive any or all life-sustaining treatment;
- Reside in a long-term care facility or require long-term care services; and/or
- Might die within the next year.

The MOLST form is one way of documenting a patient's treatment preferences concerning life-sustaining treatment – providers may choose to use other forms. However, under State law, the MOLST form is the only authorized form in New York State for documenting both nonhospital DNR and DNI orders. In addition, the form is beneficial to patients and providers as it provides specific medical orders and is

recognized and used in a variety of health care settings.

HOME CARE AGENCIES PROVIDING CARE IN THE HOME

Home care services can assist family members and friends in providing care for an older or disabled individual in their own home in the community. Home care services are available to help people who have no family caregivers or they may supplement the care of relatives and friends. These services may be required on a temporary or permanent basis and may be needed for just a few hours per week or on a routine daily basis. In-home assessments and plans of care are made by registered nurses and/or case managers in order to assess needs in order to maximize independence of the individual. Specific home care services required will differ based on individual needs.

LIVING WILL

This document expresses an individual's wishes regarding serious and/or terminal illness. Although New York State has not yet adopted legislation approving living wills, such legal documents have been recognized by both physicians and the court system.

LONG TERM CARE

Long-term care includes a wide range of services such as, transportation, housekeeping, financial planning, housing options, chore services and many others.

LONG-TERM CARE OR NURSING HOME INSURANCE

The New York State Partnership for Long Term Care was initiated in order to encourage more people to purchase long-term care insurance policies. The Partnership Program allows those people who purchase approved policies to apply for Medicaid without spending down their assets once the benefits under the long-term care policy are exhausted. Income, however, would still have to be contributed toward the cost of their nursing home costs according to Medicaid Regulations. Insurance policies covering long-term care services are a relatively new form of insurance and are not useful for everyone. Before purchasing a policy or this type, please discuss the matter with a family member or an attorney.

For more information on the Long-Term Care Partnership Program, you can obtain a copy of the “Consumer Booklet – Affordable Financing for Long Term Care”, which is available from the New York State Department of Social Services or the New York State Insurance Department, 160 West Broadway, New York, NY 10013-3393 or from the Clinton County Office for the Aging at (518) 565-4620.

MEDICARE

Medicare is a federal health insurance program for persons age 65 and over who are eligible for Social Security or Railroad Retirement benefits and for some disabled people under age 65.

Many people assume that Medicare will pay for all their medical costs. The fact is that most nursing home services, home care services, and other long-term community services are **not** paid for by Medicare.

Medicare is the Federal insurance program for persons age 65 or older and certain disabled people. Medicare is designed to provide coverage primarily for acute conditions.

Home Care Services can be paid for under Medicare if: the individual is confined to their home and is assessed to need short-term rehabilitation or part-time skilled nursing care (as prescribed by Medicare guidelines). Medicare does **not** pay for custodial care for persons with chronic conditions.

Co-insurance – the portion or percentage of Medicare’s approved amounts for covered services that a beneficiary is responsible for paying.

Deductible – the initial amount that must be paid before Medicare or a private health insurance begins paying for covered services and supplies.

MEDICARE PART A Hospital Insurance

Part A helps to cover inpatient hospital care, medically necessary inpatient care in a skilled nursing facility after a hospital stay, home health care and hospice care.

You are automatically covered under Part A if you and your spouse are entitled to benefits under the Social

Security System, Railroad Retirement System, or have paid the Medicare portion of the Social Security payroll (FICA) tax. In addition, some disabled persons under age 65 may qualify for benefits. For those who do not automatically qualify, Part A may be purchased.

Part A can help to pay for up to 100 days of care in a skilled nursing facility during a benefit period if your condition requires skilled nursing or rehabilitation services. This skilled nursing is meant to be temporary since it is designed to treat a medical condition which is expected to improve. Custodial nursing home care is **not** paid for by Medicare.

Home Health Care Expenses covered by Medicare can be: part-time or intermittent skilled nursing care, occupational/physical/speech therapy and medically necessary services such as part-time home health aides, medical social services, and medical supplies/equipment. All the Home Health Care Services must be provided by a Medicare-participating home health agency.

Hospice Care can be paid for if: a doctor certifies the patient is terminally ill, the patient chooses to receive care from a hospice instead of standard Medicare benefits for the terminal illness, and care is provided by a Medicare certified Hospice program.

MEDICARE PART B

This coverage is optional and is offered to all Medicare beneficiaries upon enrollment in Part A. It may be

purchased by those who do not qualify for automatic Part A coverage. This premium is usually deducted from a beneficiary's monthly Social Security check and the amount is subject to change each calendar year.

Part B benefits are subject to an annual deductible and a 20% co-insurance requirement of Medicare's "Reasonable Charges."

Part B pays for medically necessary physician services received at home, in the doctor's office, in a clinic, nursing home or hospital. It also covers related medical services and supplies, x-rays, medically necessary outpatient hospital services, and laboratory tests. Coverage is also provided for certain ambulance services and the in-home use of durable medical equipment such as wheelchairs and hospital beds. Mental health services are covered along with mammograms and pap smears.

Federal Law requires that State Medicaid programs pay Medicare costs for certain older and disabled person with low-incomes and limited assets. To find out if you qualify, contact the Clinton County Department of Social Services Medicaid Unit at (518) 565-3330 for an application.

MEDICARD PART C Medicare Advantage Plans

A Medicare Advantage Plan is a type of Medicare health plan offered by a private company that contracts with Medicare to provide you with all your Part A and Part B benefits. Medicare

Advantage Plans include Health Maintenance Organizations, Preferred Provider Organizations, Private Fee-for-Service Plans, Special Needs Plans, and Medicare Medical Savings Account Plans. If you're enrolled in a Medicare Advantage Plan, Medicare services are covered through the plan and aren't paid for under Original Medicare. Most Medicare Advantage Plans offer prescription drug coverage.

MEDICARE PART D Prescription Coverage

It is provided through

- Prescription Drug Plans (PDPs)
- Medicare Advantage Plans (MA-PDs)
- Some employers and unions to retirees

Medicare PDPs must offer drug benefits (standard benefit) and may offer supplemental benefits for an additional premium. The PDPs have flexibility in how they design their prescription drug coverage. For example, they can establish a formulary (a list) to designate specific drugs that will be available within each class of therapeutic medications, or they can have cost sharing structures other than the standard benefit structure.

Examples of Standard Prescription coverage:

- generally less than \$37 monthly
- \$250 deductible
- co-insurance of 25% of drug costs from \$250 to \$2250, Medicare pays 75%

- beneficiary pays 100% of drug costs from \$2250-\$5100
- after \$3600 in out-of-pocket costs, Medicare pays approximately 95%

You must be entitled to Part A and/or enrolled in Part B to enroll in Part D.

Medicare prescription drug coverage is available to all people with Medicare.

MEDICARE MEDIGAP INSURANCE

Medigap is a private health insurance policy that fills in some of the "gaps" in Medicare's coverage when Medicare is the primary payer. It is an insurance that supplements Medicare.

According to the Federal 1990 Omnibus Budget Reconciliation Act, every Medigap insurance must offer a policy that includes a core package of benefits. The package includes:

- Coverage of Part A Medicare eligible expenses for hospitalization to the extent not covered by Medicare from the 61st day through the 90th day in any Medicare benefit period.
- Coverage of Part A Medicare eligible expenses incurred as daily hospital charges during use of Medicare's lifetime hospital inpatient reserve days.
- Upon exhaustion of all Medicare days' hospital coverage including the lifetime reserve days, coverage of the Medicare Part A eligible expenses for hospitalization subject to a lifetime maximum benefits of an additional 365 days.

- Coverage for the reasonable cost of the first three pints of blood.
- Coverage for the co-insurance amount (20%) of Medicare eligible expenses under Part B regardless of hospital confinement, subject to the Medicare Part B deductible.

In addition to the core package of benefits that Medigap insurers are required to offer, there are nine other packages of benefits which companies can sell. The other nine packages include various combinations of the following benefits:

- Skilled Nursing Facility Care or Residential Health Care Facility Care
- Part A Deductible
- Part B Deductible
- 100% of the Part B Excess (difference between doctor's bill and the Medicare approved payment amount)
- 80% of the Part B Excess
- Medically necessary emergency care while in a foreign country.
- At home recovery benefit (in addition to Medicare's home health care benefit)
- Extended Prescription Drug Benefit
- Basic Prescription Drug Benefit
- -Preventative Medical Care (for certain preventative tests and screenings).

Shop carefully before you buy; policies differ as to coverage and cost, and companies differ as to service. Contact different companies and compare the benefits and cost before you buy. Don't buy more policies than you need. Duplicate coverage is expensive and

unnecessary. A single comprehensive policy is better than several policies with overlapping or duplicate coverage. The Federal Law prohibits issuing duplicate coverage to Medicare beneficiaries even if both policies would pay full benefits. For assistance in understanding Medigap policies and choices, contact the HIICAP coordinator at Clinton County Office for the Aging (565-4620) or at JCEO (561-6310).

MEDICAID

Medicaid is a government funded and administered program covering medical expenses for eligible low-income individuals.

Medicaid is a State and Federal Program based upon income and resource. It pays for medical costs for individuals who receive Supplemental Security Income or who are otherwise eligible under financial guidelines for medical need.

Medicaid can pay for Medicare premiums, co-insurance payments and deductibles, health insurance premiums when cost effective, and Medigap insurance premiums when appropriate.

Medicaid can pay for home health services, nursing home costs and alternate level of care in hospital, besides paying for necessary medical care in the community and in the acute care hospital. High health care expenses may qualify an individual for Medicaid coverage even if resources and monthly income are above the Medicaid eligibility levels.

Medicaid, the government program for low income individuals and families, is currently the major source of funding for long term care services. In order to qualify for nursing home coverage, persons may need to “spend down” their resources to reach allowable levels.

The Spousal Impoverishment Program is designed to increase financial protection for one spouse when the other spouse enters a nursing home or requires the Long Term Home Health Care Program in the community. The spouse remaining at home may keep their home, an automobile, and income and resources above the regular Medicaid eligibility levels.

If you have large medical or prescription drug expenses, Medicaid might pay a portion of them even if you would not otherwise qualify under the income guidelines alone. If you think you might qualify for Medicaid, for information and an application contact either:

- The Clinton County Office for the Aging (518) 565-4620, or
- JCEO (518) 561-6310

Applications for Medicaid are available at the Department of Social Services for the following groups of people:

- Applying for Nursing Home Coverage
- Lives in Congregate Care Facility
- 65 or older with no children under 21
- Disabled through Social Security w/no children under 21 and has Medicare

- Approved Disabled through DSS w/no children under 21 and has Medicare
- Currently receiving Foster Care
- Medicare Savings program
- Requires Waiver Services and no parental income to be used (TBI, HCBS, OPWDD, Care at Home Waivers)

Any other people needing a Medicaid application can contact a Navigator at:

- Adirondack Health Institute (866)-872-3740
- Southern Adirondack Independent Living Center (518)-792-3537

MEDICAID CONSUMER DIRECTED PERSONAL ASSISTANT PROGRAM (CDPAP)

The Consumer Directed Personal Assistant Program (CDPAP) is a Medicaid home care program that is designed to empower individuals with disabilities. The Clinton County Department of Social Services and the North Country Center for Independence coordinate the program to enable the independent person with a disability to have more participation and selection in their home care.

Medicaid recipients must be currently receiving or be eligible for personal care assistance and expect to need those services for at least 180 days, be medically stable and be self-directing or have a family member or friend take responsibility for the personal assistance service.

The Department of Social Services completes assessments to decide on the number of hours of services needed.

The North Country Center for Independence provides payment for the personal care assistants, administers employment benefits, monitors employment documents and offers training to the participant to assist them in meeting their program responsibilities. The consumer is responsible for hiring, training, supervising and dismissing their personal assistants, insuring completion and accuracy of time sheets, arranging for back-up care and maintaining a working employer/employee relationship.

MANAGED MEDICAID

Medicaid Managed Care offers many New Yorkers a chance to choose a Medicaid health plan. Managed Care plans focus on preventive health care and provide enrollees with a medical home for themselves and their families. In many counties, once you are eligible for Medicaid, you can join a plan if there is one available and you want to join. However, there are some counties where families will have to join a plan. In these counties there are some individuals who don't have to join. Enrollment in Medicaid managed care is available at any local Department of Social Services.

MEDICAID AND NURSING HOMES

Medicaid is an assistance program that can help pay for the costs of nursing home care for medically and financially

needy people. You are considered medically needy if your resources (stocks, bonds, bank accounts, real estate, etc.) are below the New York State Resource Levels (which change annually) and your monthly income is less than the monthly nursing home cost.

Applying for Medicaid is not an automatic application for nursing home placement. You or your representative must call the nursing home(s) that you are interested in and make application for residing there.

A nursing home resident eligible for New York State Medicaid is allowed the annual maximum resource level. In addition, a Prepaid Burial Fund is allowed. A Burial Fund must be placed in an Irrevocable Burial Trust to be considered an exempt resource.

Under Medicaid, upon nursing home admission all monthly income must be paid towards the cost of care except for a \$50 personal incidental allowance. Exemptions of income will be deducted for payment towards private health insurance and Medicaid premiums.

Once a single individual has moved permanently into a nursing home, any homestead property owned is no longer considered an exempt resource. New York State regulations will not allow Medicaid to be authorized for any applicant owning resources with value exceeding the Medicaid maximum resource level. A Medicaid worker can explain the only circumstances where an exception can be made or property transferred.

Excess resources over the allowable level may not be transferred or given away to become eligible for Medicaid coverage for nursing home care. Any excess resources must be spent on medical expenses and/or nursing home costs to become eligible for Medicaid.

MEDICAID SHARED AIDE PROGRAM

With Shared Aide Service (SAS) aides will be scheduled to be in a designated building to help consumers with specific needs as indicated on the care plan. The aides will be attending to consumers as long as needed to finish the designated tasks.

Shared Aide Services provide home care support for the older and physically disabled allowing them to maintain dignity, independence, and quality of life while living comfortably and safely in their own apartment.

In contrast to the traditional person care system, the aide will not be assigned to you on an hourly basis. Instead, he/she will be coming in and out to assist you with specific tasks when you need them done. In this way, you will be "sharing" the aide with other residents in the complex.

This program is available to residents of Clinton County who are Medicaid eligible. It is also possible to pay privately for the Shared Aide Services. To receive personal care services through Medicaid, your physician must order the services. He/she will advise the program of your condition and make recommendations for care.

If you are a private pay consumer, physician orders are not required, but his/her advice and recommendations may be sought.

MEDICAID SPOUSAL IMPOVERISHMENT PROGRAM

The Medicare Catastrophic Coverage Act of 1988 and subsequent New York State implementation requires that there are different rules for Medicaid income and resource eligibility for married couples with one institutionalized spouse. These income and resource levels, which change annually dependent upon the Consumer Price Index, protect some of the income and resources of the couple for the community spouse.

In order to determine the community spouse resource allowance, the combined total resources of the married couple will be counted at the time of Medicaid application. When determining the total value of the countable resources, the value of the home (provided the community spouse resides there), household goods, personal property, an automobile and certain funds established for burial needs will be exempted. It is, therefore, to the advantage of the community spouse to request a "Spousal Assessment" to make sure that allowable resources are not depleted due to the cost of care for the nursing home spouse. Spousal impoverishment rules can also be applied to couples where one is receiving services from a Medicaid Waiver Program.

NURSING HOMES

The term “nursing home” generally refers to a long-term care facility, which provides services to consumers who are no longer able to live independently in the community. In compliance with Federal and State Regulations, all the Clinton County Skilled Nursing Facilities admit and provide services to residents without regard to sex, age, race, color, religion, marital status, disability, or sponsorship.

If an application for nursing home admission is made for a patient in the hospital, the hospital staff will complete a UAS-NY. The applicant or their representative can request that a copy of this be forwarded to the nursing home(s) of their choice. For community-based applicants the UAS-Ny may be completed by a Community Home Health Agency or by the Department of Social Services if the applicant is an active Medicaid consumer.

PERSON EMERGENCY RESPONSE SYSTEM (PERS)

PERS is a service utilizing a voice communicator and a button when pressed will alert appropriate persons to respond to the emergency situation in the clients home 24 hours every day.

PERS also known as **Lifeline** offers peace of mind and independence to the user and provides respite and reassurance for the concerned family. In an emergency, one touch of your portable HELP button will bring help within minutes. With Lifeline, help is always at your fingertips 24 hours a day

POWER OF ATTORNEY

Creating and signing a power of attorney gives another person legal authority to act on your behalf. This power of attorney should be a trusted person because they are given the power to handle financial and business matters on your behalf should it ever become necessary. A “durable power of attorney” stays valid even if you become unable to handle your own affairs or incapacitated. If “durable” is not specified, the power of attorney will automatically end if you do become incapacitated. If you are married, do not assume your spouse will automatically be able to manage your finances without a durable power of attorney. Some people prefer making a “Springing Power of Attorney” since it establishes power of attorney only **after** a specific event occurs such as incapacitation of the creator.

The person designated in the power of attorney to act on your behalf is the **attorney in fact**. An attorney in fact has an obligation to act honestly and prudently, on your behalf; they have no right to act in a way that he/she personally stands to benefit.

Creating a legally valid, durable power of attorney is relatively simple. A blank power of attorney form must be properly completed and then signed in front of a notary public.

If you become incapacitated, someone will need to make medical decisions as well as financial decisions. A durable power of attorney does not give legal

authority to your attorney in fact to make medical decisions for you.

RESIDENTIAL HEALTH CARE FACILITY (RFCF)

RFCF is a term for nursing home certified for Medicare coverage.

RESPIRE CARE

Respite care provides time off for family members caring for a chronically dependent person.

SKILLED NURSING CARE

24-hours a day supervision and medical treatment by a registered nurse under physician's orders.

SKILLED NURSING FACILITY (SNF) –

SNF is a term for nursing home certified for Medicare coverage.

SUPPLEMENTAL NEEDS TRUST

Supplemental Needs Trusts (SNTs) are legal tools used to help disabled people keep more of their income or assets without losing their public benefits.

SNTs were originally invented to allow parents of children with developmental disabilities to provide for them after they grow up without making them ineligible for public benefits (like SSI and Medicaid). Ordinarily, if a parent set up a trust fund for their disabled child with \$100,000 in it (for example), this would make them ineligible for public health insurance such as Medicaid. To avoid this, lawyers created special trust funds, which are structured in such a way that

they do not impair a person's eligibility for public benefits. They *supplement* the disabled beneficiary's benefits, rather than replace them; hence the name Supplemental Needs Trust.

Another way that SNTs are used is to shield excess income for Medicaid purposes. By using an SNT in this way, a disabled Medicaid recipient can actually keep the benefit of almost all of their income, rather than having to pay a portion of it towards the cost of their care (e.g., for home care services). Income placed in an SNT can also qualify someone for a Medicare Savings Program.

SUPPLEMENTAL SECURITY INCOME (SSI) - Social Security Administration

SSI provides basic income (or additional income) to combine with Social Security, pension, or earnings. Individuals 65 or older, or any age if disabled or blind, whose income and resources are below threshold, may be entitled to this benefit. This includes disabled children of any age. Eligibility is based upon income and resources.

Individuals who qualify for SSI automatically qualify for full Medicaid.

Must file an application and receive a decision regarding disability. Call for information and to set up an appointment for an interview.

UNIVERSAL ASSESSMENT SCREEN - UAS

The UAS-NY includes the following three assessment instruments:

- UAS-NY Community Assessment, a comprehensive assessment used for adults, age 18 and over, in home and community-based long-term care programs
- UAS-NY Pediatric Assessment for Ages 4 through 17
- UAS-NY Pediatric Assessment from Birth through Age 3

The recipient must first qualify for either compensation disability or pension disability benefits before aid and attendance can be granted.

Visit the Clinton County Veterans Agency to determine eligibility.

The UAS-NY contains reporting functionality for information on individuals assessed, as well as aggregate or agency-wide information, which will be immediately available to users during and upon completion of the assessment. The UAS-NY also includes an ad hoc reporting function that will enable users to create customized reports and to download information from the UAS-NY. This data can then be uploaded to an organization's local management system

VETERANS AFFAIRS BENEFITS

Healthcare:

- Primary care services
- Long term care
- Prescription services
- Mental health services
- Training for caregivers

Note: Healthcare services are available for those veterans who qualify.

Compensation or Pension Disability Benefits

These benefits are available to veterans and their family and widows of veterans who qualify.
