## Home Care Staff

Clinton County Health Department

Sometimes we all need a little help...whether you or a family member have a chronic or acute illness, are in need of physical therapy, suffered an injury due to an accident, or are in need of understanding nutrition and your health.

- ◆ Travels to patient's homes to help them with short and long term care.
- ◆ Offers therapies, like speech, physical, respiratory, and occupational.
- ◆ Educates patients about their nutrition choices, and how it affects their health.
- ◆ Provides Adult Daycare/Respite Care
- ◆ Helping people help themselves, to health and wellness, is what Home Care Staff are all about!
