EMERGENCY SERVICES DIRECTOR

DISTINGUISHING FEATURES OF THE CLASS: This position exists in the county service and involves responsibility to coordinate and administer mutual aid and fire training programs, natural disaster and emergency defense operations, and a centralized emergency communications system. Responsibilities include planning, organizing, recruiting, equipping, and training personnel and implementing the local natural disaster and emergency defense program. Additionally, the incumbent is responsible for planning and supervising the county programs of E911, fire training, and mutual aid to cope with fires and other public emergencies requiring the service of paid and volunteer firefighters and emergency personnel. The work is performed under general direction from the County Legislature in accordance with State and Federal regulations and guidelines. Supervision is exercised over the work of paid and volunteer personnel engaged in the programs. The incumbent does related work as required.

TYPICAL WORK ACTIVITIES: (Illustrative only)

When engaged in Emergency Preparedness functions:

- Coordinates the functions of departments which have an emergency status during natural or man-made emergencies;
- Plans programs to carry out emergency preparedness responsibilities required by law and regulations of the responsible State and Federal agencies;
- Recruits volunteers for emergency preparedness purposes from among public officials and employees and the general public;
- Establishes a workable and practical emergency preparedness attack warning and information system capable of receiving warning of enemy attack, impending natural disaster, or radio-active fallout and disseminating warning to key officials, emergency defense forces, and the public;
- Maintains the county inventory of personnel equipment and materials required for the emergency preparedness program;
- Promotes emergency preparedness and other preventative activities through public speeches, the distribution of literature, use of the media for public information, education, and training;
- Uses the services and facilities of local government officials and agencies, assigning them primary emergency preparedness responsibilities in accordance with State and Federal regulations;
- Directs implementation of the Shelter and Home Preparedness Programs to keep county residents informed in matters necessary to personal and public safety in the event of attack or natural disaster;
- Analyzes needs and directs or recommends procurement of facilities, equipment and services required for county or other local government unit emergency preparedness;
- Coordinates filing of reimbursement claims by various municipalities in the county to State and Federal agencies;
- Prepares a variety of records and reports related to the work.

Emergency Services Director

When engaged in Fire Coordination functions:

Coordinates the County Mutual Aide Plan;
Plans and coordinates instruction programs relative to fire and EMS training;
Plans, coordinates, and participates in monthly meetings of the County Fire Advisory Board;
