

PUBLIC HEALTH WORKS!

Health Education Staff

Clinton County Health Department

- ◆ Educates and helps people quit tobacco use, helping our future generations have clean air.
- ◆ Encourages and teaches women to have regular breast and cervical screenings, to prevent cancer.
- ◆ Helps to keep your roads safe, by working with local law enforcement agencies to discourage people from drinking and driving.
- ◆ Assists parents with proper use of their child's car seats, to make sure their "little ones" are safe and sound.
- ◆ Goes to people's homes to tell them about lead poisoning, asthma, carbon monoxide, and fire safety.
- ◆ Knowledge is Power! Let the Health Education Staff help you stay safe and improve your lifestyle.

Health Education is how

PUBLIC HEALTH WORKS!

Public Health is Working
Every Day to Keep You
and Your Family Healthy!
