Clinton County Civil Service Eligible Lists

An eligible list is a ranked list of candidates who have taken and passed a Civil Service Exam. Passing score is 70% and above. Candidates are listed first in order of score, then randomly within each score. The on-line Eligible Lists are up-dated weekly. For more current information, visit or call our office.

Types of Eligible Lists

Open-Competitive List contains the names of all successful open-competitive examination candidates for a particular title. Open-Competitive examinations are open to anyone who meets the minimum qualifications.

Promotional List (PROM) contains the names of all successful promotional examination candidates who are currently employed in the promotional unit. Promotional eligible lists must be used and exhausted before an open-competitive eligible list may be used.

Continuous-Recruitment List (CR) contains the names of all successful examination candidates who have taken a Continuous-Recruitment examination. Continuous Recruitment Examinations are those for which we accept applications at any time. These eligible lists are constantly changing as scores are interfiled along with existing candidates' scores.
