The minimum qualifications for positions filled by this examination are regulated by the New York State Department of Health.
The New York State Department of Civil Service has notified our agency that the qualifications for positions in public health departments are under review by the New York State Department of Health and the effective date of any changes in the minimum qualifications has not yet been determined by the Department of Health. Candidates should be aware that the minimum qualifications which candidates will need to meet at the time of appointment to positions filled as a result of this examination may change once the New York State Department of Health takes final action to adopt such changes.

Candidates who are successful in this examination and meet the minimum qualifications for the position at the time of certification will be certified for appointment. Candidates who are successful in this examination but do not meet the minimum qualifications for the position at the time of certification, will be restricted from certification for appointment until such a time as they demonstrate that they meet the qualifications established by the New York State Department of Health when the changes become effective. If candidates acquire the training or experience necessary to meet the minimum qualifications for appointment during the life of the list, and demonstrate that they meet the qualifications established by the New York State Department of Health when they become effective they may then be certified for appointment.
